Obviously, we take care of feeding everyone at camp! With a team of volunteer cooks and the behind the scenes help of the Stepping Stones kitchen committee, three meals and three snacks are prepared for the hungry, energetic campers, counsellors and staff! The kitchen 'cabin pack' consists of the two kitchen directors and a team of approximately 6 volunteer cooks. The kitchen directors also liaison with the Stepping Stones kitchen committee regarding inventory, donation receiving, and updating the menu as needed. It is not all work and no play, we get to enjoy parts of the wonderful camp atmosphere--the amazing singing, a chapel visit or two, and watching the fun, games, and energy of camp. And who doesn't love being serenaded as the 'best cooks ever'!!
