

Trevor & Kaylee joined the Stepping Stones team at the end of 2024. Kaylee brings her passion for landscaping to the job, while Trevor's expertise in admin and sales will be a great asset to the team. Trevor and Kaylee both love spending time with their two cats and now their new dog. Trevor has been a part of Stepping Stones Bible Camp since 2010 and is so excited to be living and working on the property. Kaylee hasn't been a part of camp yet but looks forward to seeing how it all works! They are both excited to be part of such a supportive and dynamic community and are looking forward to contributing in any way they can. They feel blessed to be part of the Camp Community and can't wait to grow, learn and contribute together.
