

Natalie Hoogstra is ready for another incredible summer! Returning as the summer director she is most looking forward to watching God work in the hearts of all those who make the drive up the mountain - camper and adult alike. Having spent the last year as an Educational Assistant at Credo's Middle school, she is excited to continue interacting with God's children as they grow to know Christ more deeply. In addition to working as an EA, she can be found planning events on her church's Women's Ministry, running Drama Clubs, and always keeping an eye out for a show to star in. She can't wait to be back up at camp surrounded by its familiar sights and sounds, as well as the people she will get to meet, know, and love. Natalie believes in the work God is doing as Stepping Stones and cannot wait to live out her motto, 'live to serve' each day of the summer season! Thank you for keeping Stepping Stones in your prayers.
